## **SUBJECT: GENERAL CONTRACTOR PRE-QUALIFICATION FOR THE TREATMENT AND WET WEATHER FLOW UPGRADE PROJECT**

The District issued a request for proposal for the pre-qualification of General Contractors and Electric Subcontractors planning to bid on the Treatment and Wet Weather Flow Upgrade Project. Thirteen (13) General Contractors provided submittals to qualify for bidding on the project.

The District contracted with Kennedy/Jenks Consultants to provide a third party evaluation of pre-qualification criteria. All criteria was evaluated in accordance with the Department of Industrial Relations (DIR) pre-qualification guidelines. Pre-qualification submittals from the following General Contractors were determined to meet the minimum pre-qualification requirements for the Project:

- **Auburn Constructors, Inc.**
- **C. Overaa & Co.**
- **C.W. Roen Construction Co.**
- **Flatiron West Inc.**
- **Gateway Pacific Contractors, Inc.**
- **GSE Construction**
- **Kiewit Infrastructure West Co.**
- **K.G. Walters Construction**
- **Monterey Mechanical Co.**
- **Shimmick Construction Co. Inc.**
- **Western Water Construction, Inc.**

An evaluation summary sheet and scoring sheet detailing the evaluation of General Contractor pre-qualification submittals may be provided upon request.

**ATTENTION: The District is rescinding the pre-qualification requirement for Electric Subcontractors. Electric Subcontractors do not require pre-qualifying in order to bid on the project. However, in lieu of pre-qualifying, the awarded electric subcontractor will be required to submit a Performance Bond to the District within 10 days of award in accordance with the project general conditions.**

Thank you for your interest in bidding our upgrade project,

Kevin Rahman, PE  
Associate Engineer
