

TABLE OF CONTENTS

PART A - GENERAL INFORMATION

SECTION 1 GENERAL INFORMATION

1-01	Introduction and Scope.....	1
1-02	District Ordinances	1
1-03	Annexation Policy	1
1-04	Downstream Capacity Policy	1
1-05	Right-of-Way Policy	2
1-06	Condemnation Policy.....	2
1-07	Engineering Policy	2
1-08	Environment Impact Report Regulations	3

SECTION 2 DEFINITIONS AND TERMS

2-01	Definition of Terms	5
2-02	Abbreviations.....	9

PART B - ENGINEERING AND DESIGN REQUIREMENTS

SECTION 3 DESIGN CALCULATIONS AND PLAN PREPARATION

3-01	Design Calculations	11
3-02	Size of Plans and Data Required	11
3-03	Rights-of-Way	13
3-04	Easements for Future Extensions	14
3-05	Flood Control Approval	14
3-06	Soils Investigation	14
3-07	Construction Permits	14

SECTION 4 DESIGN STANDARDS

4-01	Design Criteria	15
4-02	Prohibited Wastes.....	16
4-03	Sewer Pipes	18
4-04	Sewer Structures	22

SECTION 5 PLAN APPROVAL AND PERMIT ISSUANCE

5-01	General	25
5-02	Plan Checking Deposit.....	25
5-03	Preliminary Review	25
5-04	Final Review and Approval	25
5-05	Plan Revisions.....	26
5-06	Statement of Fees and Charges	26

5-07	Issuance of Main Extension Permit	26
5-08	Subdivisions.....	26
5-09	Items to Consider before Submitting Plans	27

SECTION 6 CONSTRUCTION ENGINEERING

6-01	Staking Requirements	29
6-02	Side Sewer Locations	29
6-03	Survey Authorization and Responsibility	29
6-04	Field Changes	29
6-05	Soil Compaction Tests	29
6-06	Record Drawings	29

SECTION 7 DISTRICT PERMITS, LICENSES AND BONDS

7-01	Permits.....	31
7-02	Licenses	31
7-03	Bonds	31

PART C - GENERAL CONSTRUCTION REQUIREMENTS

SECTION 8 CONTROL OF WORK

8-01	Authority of District.....	33
8-02	Plans	33
8-03	Suggestions to Contractor	34
8-04	Conformity with Plans and Allowable Deviations	34
8-05	Interpretation of Plans and Specifications	34
8-06	Superintendence	34
8-07	Character of Workmen.....	34
8-08	Construction Utilities.....	35
8-09	Lines and Grades.....	35
8-10	Proof of Compliance with Specifications and Drawings	35
8-11	Errors and Omissions	35
8-12	Inspection	36
8-13	Inspection by Division of Industrial Safety.....	36
8-14	Commencement of Work and Delays – Permit Work	36
8-15	Removal of Defective and Unauthorized Work	37
8-16	Access to Work	37
8-17	Placing Portions of Work in Service	37
8-18	Removal or Replacement of Work Done Without Lines, Grades or Levels	38
8-19	Equipment and Methods.....	38
8-20	Unfavorable Weather and Other Conditions	38
8-21	Easement Construction.....	38
8-22	Alterations.....	39

8-23	Cleaning Up	39
8-24	Final Inspection	39

SECTION 9 CONTROL OF MATERIAL

9-01	Source of Supply and Quality of Materials	41
9-02	Quality in Absence of Detailed Specifications	41
9-03	Drawings, Samples and Tests.....	41
9-04	District Furnished Materials	42
9-05	Local Materials.....	42
9-06	Acquisition of Materials	42
9-07	Storage of Materials	42
9-08	Defective Materials.....	43
9-09	Trade Names and Alternatives.....	43
9-10	Certificates of Compliance	43
9-11	Salvage of Existing Materials.....	44

SECTION 10 LEGAL RELATIONS AND RESPONSIBILITY

10-01	Laws to be Observed	45
10-02	Permits and Licenses	45
10-03	Patents	45
10-04	Traffic Control	45
10-05	Public Convenience.....	46
10-06	Safety	47
10-07	Use of Explosives.....	48
10-08	Preservation of Property.....	48
10-09	Responsibility for Damage and Injury	49
10-10	Contractor's Responsibility for Work	49
10-11	Indemnity.....	50
10-12	Contractor's Insurance	50
10-13	Disposal of Material Outside the Right-of-way.....	52
10-14	Cooperation Between Contractors and District	52
10-15	Acceptance of Work.....	52
10-16	Guarantee of Work	52
10-17	Personal Liability	53
10-18	Protection of Survey Monuments	53
10-19	Sewer Service	53
10-20	Business License	53

SECTION 11 UTILITIES, OBSTRUCTIONS AND CONCRETE REMOVAL

11-01	Preservation of Property.....	55
11-02	Utilities	55
11-03	Utility Locations and Potholing	55
11-04	Utility Relocations and Suspension of Service.....	56

11-05	Alignment Changes	56
11-06	Removal of Obstructions	57
11-07	Changed Conditions	57
11-08	Disturbance to Trees	58
11-09	Removal of Concrete or Masonry Construction	59
11-10	Crossing Under Railroad, Highway or Utilities	60
11-11	Coordination of Work	60
11-12	Traffic Control	60
11-13	Storm Water Pollution Prevention Program	61

SECTION 12 REFERENCES TO STANDARD SPECIFICATIONS

12-01	State Standard Specifications	67
12-02	County Specifications	67

PART D - TECHNICAL CONSTRUCTION REQUIREMENTS

SECTION 13 EARTHWORK

13-01	Description	69
13-02	Encroachment Permits	69
13-03	Compaction	69
13-04	Materials	69
13-05	Trench Excavation and Backfill	70
13-06	Structural Excavation and Backfill	75
13-07	Embankment Construction	78
13-08	Temporary Paving	79

SECTION 14 SEWER PIPELINES

14-01	Description	81
14-02	Approved Sewer Pipe Materials	81
14-03	Pipe and Joint Materials	82
14-04	Backflow Prevention Relief Valve	87
14-05	Flexible Couplings for Pressure Lines	87
14-06	Valves	88
14-07	Protective Coatings	90
14-08	Fusion Epoxy Coating	90
14-09	Conventional Pipeline Installation	91
14-10	Trenchless Sewer Installation	94
14-11	Cleaning and Testing – Gravity Mains and Trunk Sewers	98
14-12	Side Sewer Testing	101
14-13	Testing of Force Mains	102

SECTION 15 DEMOLITION AND ABANDONMENT OF LINES AND STRUCTURES

15-01	Description	103
15-02	Safety	103
15-03	Salvage of Equipment and Materials	103
15-04	Methods and Equipment	103
15-05	Removal of Old Structures	103
15-06	Abandonment of Pipelines.....	103
15-07	Sewer Structures to be Abandoned	104
15-08	Disposal of Materials and Debris	104

SECTION 16 MANHOLES

16-01	Description	105
16-02	Precast Manholes	105
16-03	Manhole Channels	105
16-04	Precast Manhole Construction	105
16-05	Adjusting or Repairing Manholes	105
16-06	Temporary Covers and Plugs for Structures	106
16-07	Manhole Sealing	106
16-08	Manhole Testing	106

SECTION 17 STRUCTURAL CONCRETE

17-01	Description	109
17-02	Standards	109
17-03	Strength	109
17-04	Submittals	109
17-05	Cement.....	109
17-06	Admixtures.....	109
17-07	Aggregates	110
17-08	Selection of Proportions	110
17-09	Reinforcing Steel.....	110
17-10	Formwork	110
17-11	Reinforcing.....	111
17-12	Depth of Footings.....	111
17-13	Control of Water	111
17-14	Concrete Placement.....	111
17-15	Finishes on Concrete Surfaces	111
17-16	Curing	113
17-17	Concrete Deposited Under Water	113
17-18	Waterproofing	113
17-19	Drypack and Special High-Strength Non-Shrink Mortar	113
17-20	Alterations to Concrete Structure	114

17-21	Grout for Pipes and Anchors	114
17-22	Concrete Surface Repairs.....	114
17-23	Bonding New Concrete to Old	114
17-24	Slump Tests	114
17-25	Cylinder Testing	115
17-26	Inspection	115

SECTION 18 CASTINGS AND METAL FABRICATIONS

18-01	Description.....	117
18-02	Materials.....	117
18-03	Structural and Miscellaneous Steel.....	117
18-04	Bolts, Nuts and Washers.....	118
18-05	Galvanizing	118
18-06	Cast Iron Frames and Covers.....	118
18-07	Metal Railings	118
18-08	Aluminum Fabrications	119
18-09	Aluminum Isolation Coatings.....	119
18-10	Cutting with Torch	119
18-11	Painting	119
18-12	Inspection	119

SECTION 19 PAINTING..... 121

19-01	Description.....	121
19-02	Standards	121
19-03	Safety	121
19-04	Air Quality Standards	121
19-05	Epoxy Filler and Surfacer Compound.....	121
19-06	Coating Systems.....	122
19-07	Preparation of Surfaces	123
19-08	Paint Application.....	123
19-09	Painting Schedule	124
19-10	Cleanup.....	125

SECTION 20 SURFACE RESTORATION

20-01	Description.....	127
20-02	Air Quality Control Board Regulations	127
20-03	Pavement Restoration	127
20-04	Pavement Cutting	127
20-05	Pavement Grinding	127
20-06	Aggregate Base.....	128
20-07	Asphalt Concrete.....	128
20-08	Slurry Seal	128
20-09	Conformance to Existing Improvements.....	128

20-10	Raising Existing Castings to Grade	128
20-11	Restoration of Striping and Pavement Markers.....	129
20-12	Unpaved Travel Surfaces	129
20-13	Concrete Surfaces.....	129
20-14	Landscaped or Cultivated Areas.....	129

PART E - STANDARD DRAWINGS

Standard Manhole Frame and Cover	SD 1
Standard Sewer Manhole	SD 2.0
Manhole Repair to Raise Frame and Cover	SD 2.1
Raise Manhole Cover with HDPE Grade Rings	SD 2.2
Raise Manhole Cover with Concrete Grade Rings	SD 2.3
Drop Inlet Sewer Manhole Connection	SD 2.4
Standard 6-Inch Roding Inlet	SD 3
Typical Trench SECTION	SD 4
Typical Side Sewer Details.....	SD 5
Standard Cleanout and Backwater Prevention Device.....	SD 6
Backwater Check Valve and Shutoff System.....	SD 7
Main Sewer Protection Above Utility Crossing	SD 8
Main Sewer Protection Below Utility Crossing.....	SD 9
Side Sewer Protection Above Utility Crossing	SD 10
Side Sewer Protection Below Utility Crossing.....	SD 11
Side Sewer Reconstruction at Utility Crossing	SD 12
Standard Concrete Pipe Protection.....	SD 13
Force Main Valve.....	SD 14

Standard Redwood Check BoardSD 15

Standard Rip-Rap Installation.....SD 16

Residential Sewage Pumping System.....SD 17

Allowable Leakage Chart Water TestSD 18

PART F – APPENDICES

APPENDIX I – CONFINED SPACE ENTRY PROGRAM

**APPENDIX II – STANDARDS FOR THE DESIGN AND
CONSTRUCTION OF SEWERS IN BAY MUD**
